The Honorable Hilda L. Solis
Supervisor, First District
County of Los Angeles
856 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Dear Supervisor Solis:

REASSIGNMENT OF UNFUNDED POSITIONS

At the direction of the Board of Supervisors (Board), the Los Angeles County (County) Sheriff's Department (LASD) has been in overtime mitigation efforts since October 2019. At the conception of this effort, the Board seized \$143.7 million of the LASD's Service and Supply funds to force the LASD to reduce overtime expenditures by at least 15 percent through Fiscal Year 19-20. In an effort to reduce overtime expenditures, the LASD identified 191 unfunded positions during an audit of Patrol Operations expenditures.

In November 2019, the first phase of overtime mitigation caused 35 of those unfunded administrative patrol positions to return to a funded line function, which had no discernable negative impact on services, but had a positive impact on overtime mitigation. In the interim, the LASD utilized the Administrative Reassignment of Personnel (ARP) process for the remaining unfunded positions to further mitigate non-reimbursable overtime, in hopes that a funding source could be identified. Unfortunately, a funding source was not identified for these positions, therefore; the second phase will now place an additional 102 unfunded positions to a funded line function. The positions were personnel working non-line items identified without a service contract funding source, or overhead positions in alternate roles. Additionally, these positions, along with the previously mitigated 35 positions, were performing duties in both unincorporated and/or city contracted areas at a non-reimbursed maximum overtime cost of approximately \$22.7 million per fiscal year. After further review, the final 54 positions were found to be essential for the operational function of patrol

stations. During overtime mitigation meetings with staff from the Chief Executive Office, Auditor-Controller, and each Supervisorial District, 137 positions were identified which require County or contract city funding in order to remain.

Given the financial burden of the COVID-19 pandemic and the County's fiscal projections for the LASD, it has now become necessary to reassign the remaining unfunded positions to further reduce non-reimbursed overtime. Knowing the value of some of these positions, this decision was not made in haste or lightly, and not without exhausting all other reasonable fiscal alternatives.

The below listed unfunded position(s) within your service area are being reassigned to the listed funded positions. The duties previously performed fulltime by the assigned personnel will now be accomplished from the new position on a limited collateral basis.

I understand you may have an interest in keeping the below position(s) filled and would like to provide you with an opportunity to add the unfunded position(s) to your service contract. The LASD's Contract Law Enforcement Bureau can facilitate an immediate addition of any position at your request to keep a service interruption from occurring. The unfortunate reality is that the LASD will be unable to continue to fill the below unincorporated position(s) without a funding source.
